

W612 Thin Film Rust Preventive

Stoner W612 Rust Preventive provides short-term protection against moisture and oxidation. It prevents rust and corrosion from ruining exposed steel and stored metals overnight and on weekends. It allows you to ship or store parts, molds, tooling, or machinery without damage from rust, corrosion, or oxidation. W612 leaves a thin film on exposed metal to seal out dampness and prevent rust and corrosion. Ideal for plastic and rubber molds. In many applications, W612 works off during start-up and requires no cleaning.

Stoner W612 Thin Film Rust Preventive Features & Benefits

- Ideal for overnight and weekend rust protection of molds and tooling
- Protects steel and other metals
- Contains no silicone
- Contains no Class I (CFC) or Class II (HCFC) Ozone Depleting Substances
- Contains no chlorinated solvents such as methylene chloride or 1,1,1 trichloroethane

Specifications

Feature	Details
Can Net Weight	10 oz
Qty Per Case	12 Cans
Flammable	Yes
Food Grade	No
Product Type	Aerosol
Appearance	Colourless To Pale Yellow
Solvent	Yes
Compliance	III* Hazardous Material
