

Acrolab's temperature control units can control process temperatures from 20°F to 550°F

Unit Types Available

Heating Medium: Water

Set Point Temperatures: 20°F to 250°F

PID Control

HP Available: 3/4HP To 7.5HP

GPM Available: 25GPM to 100GPM

Heater Available: 4.5KW to 9KW

Heating Medium: Oil

Maximum Set Point Temperature: 550°F

PID Control

GPM Available: 10GPM to 24GPM

Heater Available: 6KW to 24KW
